

AIA FA *ANNUAL*
AWARDS
2026

Congratulatory Message

— Mr Damien Tan, AIA FA CEO

As we enter 2026, we don't just celebrate another year of business; we celebrate the standard-setters. To our 2026 Awardees and Qualifiers: your performance has been nothing short of exceptional. You haven't just maintained AIA FA's position as Singapore's premier financial advisory firm—you have redefined what leadership looks like in this industry.

2025 was a year of collective momentum. The extraordinary growth in our MDRT, COT, and TOT ranks is a definitive statement of our market dominance. Beyond the trophies, these accolades represent thousands of lives secured and futures protected. This is the "AIA FA Edge"—a powerful combination of professional mastery and an uncompromising commitment to the individuals and families who trust us.

We spent the past year turning digital transformation into a tangible edge. With our Technology, Digital, and Analytics (TDA) strategy, through advanced analytics and high-precision advisory tools, we have empowered you to move faster and provide deeper, more holistic value. We aren't just using technology to keep pace; we are using it to lead and provide customer-centric services. AIA remains committed to investing in the best-in-class capabilities that ensure you remain the most sophisticated financial consultants in the region.

Our strategy for the year ahead is clear: unapologetic growth. We will continue to elevate our leadership by:

- **Recruiting for Excellence:** Attracting the industry's most ambitious and passionate talent.

- **Next-Gen Capability:** Doubling down on talent development that keeps you ahead of the curve.

- **Radical Customer-Centricity:** Ensuring every solution we provide is as unique and compelling as the person receiving it.

You are the architects of our success. Your grit and vision are the reasons AIA continues to shape a more resilient Singapore.

I am incredibly energised by what 2026 holds. Together, we will continue to unlock new frontiers, challenge the status quo, and empower our customers and the community to live Healthier, Longer, Better Lives. Let's lean into the challenge, break new boundaries, and make 2026 our most impactful year yet.

To a year of breakthrough achievements and shared legacy. Let's lead the way.

In 2025, I was recognised as AIA FA Top Consultant and Top Corporate Solutions Consultant, reflecting both strong individual production and deep capability in serving corporate clients. These achievements were built on a disciplined advisory process, a focus on protection and long-term planning, and a commitment to aligning solutions with each client's real needs. I see these awards not just as performance milestones, but as a responsibility to keep raising my standards in advice quality, client service and contribution to the AIA FA community.

A hands-on leader, Jie Lin is deeply involved in mentoring and developing her consultants. She actively supports her team through joint field work, structured training programmes, and regular performance coaching. Her leadership philosophy centres on developing well-rounded advisors who deliver sound financial advice

TOP DIRECTOR 2025

TAN AIK BOON

JERRICKTAN-INZY BEN TANG ORG
INZY Group

I studied Banking and Finance at Nanyang Polytechnic (NYP), but I never imagined I would end up as a financial advisor. My journey into this industry began in 2016, when my brother, Jerald, convinced me to join him in this field. In the beginning, I wasn't completely confident that this career was the right path, but after giving it a try, I quickly realized it was the right fit for me. Since then, I've worked hard and grown within the industry, earning a promotion to Manager in 2019 and, more recently, to Director in 2024.

Being in this industry has taught me so much about different perspectives in life. I've come to understand how unique each client's financial goals and family plans are. There is no one-size-fits-all solution to every problem, and that's one of the most important lessons I've learned. As a financial advisor, I always make an effort to see things from my clients' point of view to offer them the best possible solutions tailored to their needs.

One of the most fulfilling moments in my career has been watching my team achieve their goals and reap the rewards of their hard

work. Seeing them grow professionally and succeed is truly rewarding. It reinforces my belief that teamwork, dedication, and mutual support are essential to long-term success.

If there's one trait I believe is crucial to excelling in this industry, it's bravery—the bravery to face rejection and failure head-on. Without a strong desire to grow and improve, challenges can quickly turn into reluctance, and negativity can take root. In this field, you will face rejection and setbacks every day, but the key to success lies in how you respond. You have to embrace failure as part of the journey, learn from it, and keep pushing forward. I always tell newcomers to the industry: only join if you're ready to face those challenges and overcome them to build a successful career on your own terms.

Through my journey, I've learned that personal and professional growth are intertwined, and it's this growth that continues to drive me as I work to make a positive impact on both my clients and my team.

“

Results happen over time, not overnight – work hard, stay consistent and be patient

CONGRATULATIONS

TOP SENIOR DIRECTOR 2025

CHAN JIN YIN VIVIAN

VIVIANCHAN-INZY KENDRICK KWEK ORG
INZY Group

I have always believed success is not achieved alone, rather it is a culmination of teamwork, discipline, and a shared commitment to growth. Over the years, I have focused on both achieving personal milestones, and creating a supportive environment where the people around me can flourish collectively.

Beyond performance and results, the real fulfilment is watching my team progress and achieve their own success. Being there as they grow, overcome hurdles, and reach new milestones is one of the most rewarding aspects of what I do. When the right support system is in place, individuals are able to unlock their potential and progress with confidence, and I strive to continue providing that.

As a leader, I focus on being approachable, patient, and supportive. I believe strong teams are built on trust, open communication, and mutual respect. By encouraging collaboration and sharing experiences, I aim to create an environment where everyone feels driven, confident, and valued.

I am also grateful for the guidance and direction from my leaders at INZY, whose vision and foresight have played a significant role in shaping the way I approach my work and leadership.

In particular, I would like to credit my Executive Director, Kendrick Kwek, for his mentorship and leadership. His encouragement, perspective, and belief in developing people have inspired me to continue improving and follow in his footsteps.

As my journey continues, my goal moving forward is to continue growing with my team, and contributing to a culture where people feel supported, inspired, and empowered to succeed together.

“

I M Possible**

I look up to and draw inspiration from the quote by late Minister Mentor Lee Kuan Yew – “To be successful in a profession, or in business, to become wealthy, cannot be compared to making the lives of your fellow men better. This can bring immense satisfaction.” I strongly believe that every action that I take, no matter how small it may seem, can change and impact lives forever. That is why with this purpose, I have been helping my clients plan for their future for the last 19 years.

Continued success together is what keeps us motivated.

I like to dedicate this quote by Bill Shankly to my comrades in the firm: “Fire in your belly comes from pride and passion in wearing the red shirt. We don’t need to motivate players because each of them is responsible for the performance of the team as a whole. The status of Liverpool’s players keeps them motivated.” I believe that our continued success together is what keeps us motivated as financial consultants.

I enjoy bringing comfort and happiness to people through my work.

I suggest that new financial consultants grasp and realise the value of the work we do. Our work can serve to quiet the hungry crying of a baby, and ease the aching heart of the partner who remains behind. It is a comforting whisper in the dark, silent hours of the night. It furnishes new hope, fresh courage and strength to pick up the broken threads and carry on. It is the education of the son and daughter and the chance for a career instead of a job. Insurance is created to help people in distress. Helping people in distress is the work of angels and angels have created advisors to help them help more people.

I hope that as an industry, we can all do our part to make a difference and impact lives always.

“
Always be the best version of yourself and do your best. Make every day memorable! In this profession, you have no idea how things you do, can change lives forever.
